

Caitlin Brady

AIA, LEED Green Associate

EXPERIENCE

RMW Architecture & Interiors, Project Architect

September 2018 - present

- Led the coordination of architect and consultant teams to execute large-scale commercial retrofits and complex base building upgrades
- Defined and managed project design and construction documentation from schematics through construction administration to meet client programmatic needs, schedule, and expectations

Metcalfe Architecture & Design, Architectural Designer

September 2015 - August 2018

- Designed and developed cultural, commercial, and educational projects from concept through construction with 2D/ 3D imagery and technical drawings
- Crafted custom graphics and interactive displays for exhibits and wayfinding in museum and healthcare projects
- Strategically expanded business development through enhanced media presence and client relations. Coordinated office strategies with PR/ marketing consultants

Jacobs (formerly KlingStubbins), Architectural Designer

June 2013 - September 2015

- Programmed, master planned, designed, and documented higher education facilities, corporate centers, research laboratories, and technical facilities in private and government sectors internationally
- Coordinated with large teams of engineers, interior designers, and consultants to ensure proper building design on new construction and renovation projects
